Category: Slip Resistance
Flooring

**Area
Covered:** 142m²

**Completion
Date:** 2004

System: Rhino Linings Duraspray

Before...

After...

Job Description

This floor is a commercial kitchen at BHP Wollongong. The floor had lino on it, which first had to be removed.

Before spraying the entire floor area was prepared and primed. The project took 4 days to complete. It was sprayed with Duraspray at approximately 4-5mm thick with a slip resistant finish.
